Length: 2 Miles Marking: Red Blazes/Arrows

The Sady Ridge Trail is known for its gentle lakeviews. Meandering along the lakeshore, this trail traverses a drymesic chert woodland where white and black oaks shade the woodland floor. This linear trail connects the

Grand Glaize Beach area (PB2) with the Pa He Tsi area in the park. This trail can also be accessed from Public Beach Road approximately .7 miles from the Grand Glaize Beach area or approximately .2 miles from the Pa He Tsi trailhead.
